iii. All casual staff being defined below as:

Persons employed on an on-call and as required basis without any commitment from either party to ongoing employment. This includes staff engaged for one-off situations. They do not have predetermined hours of work and work arrangements are made on an hourly, daily or weekly basis as the employer’s needs arise.

c. Definitions

In this agreement the following definitions will apply:

"University" means the University of Otago.

"Employer" means the Vice-Chancellor of the University of Otago.

"DHB" means the regional District Health Board as specified in their letter of appointment.

"Medical Specialist" means any medical practitioner who is vocationally registered by the Medical Council under the Health Practitioners Competence Assurance Act 2003 in one of the approved branches of medicine and who is employed in either that branch of medicine or in a similar capacity with minimal oversight."

2. UNION RECOGNITION / NEW EMPLOYEES

The University recognises that the unions are legitimate and important stakeholders which represent union members and have rights and interests in decisions affecting members' work and employment. The employer has an interest in the unions being well organised and effective in the employment relationship. The employer will allow union representatives reasonable paid time to carry out their union roles within and beyond the workplace.

When a person is appointed to a position where the work to be done is covered by this agreement, included within the letter of offer or induction material, the employer will:

- i. give the employee a copy of this agreement; and
- ii. inform the employee that they may join one of the unions and provide the contact details of the Union; and
- iii. if the employee agrees, inform the union parties that the employee has been employed.

During the first 30 days of employment, the terms and conditions will be the terms and conditions of this agreement, and any additional terms and conditions mutually agreed which are not inconsistent with this agreement.

3. RESEARCH FUNDED PERMANENT STAFF

Staff may be appointed to this category of employment where their employment is dependent on the continuation of sufficient research funding, as determined by the Employer. Except as otherwise specified their terms and conditions of employment will be the same as other employees with ongoing employment

4. POLICIES AND PROCEDURES

Recognising the unique position of the University as critic and conscience of society as set out in the University Charter and acknowledging the principles of Academic Freedom as set out in s161 of the Education Act 1989 the employer undertakes, at all times, to act as a good employer by following a procedure which is fair and based on the principles of natural justice.

All policies, procedures, statutes and regulations relating to employees shall be binding on the employer and employees. Nothing in these policies or procedures shall be inconsistent with this agreement, but should this occur, the agreement will apply. The employer may, from time to time, vary these provisions or may issue new ones.

The employer may, from time to time, vary the provisions of any Human Resources policy or may issue new policies or procedures. Prior to establishing any new Human Resources policy or making a substantial change to an existing Human Resources policy the employer must consult with the Unions. Should the Unions consider that they may not have had sufficient input, the Unions shall advise the employer, either before or at the time the policy or procedure is being promulgated.

5. TERMINATION OF EMPLOYMENT

Termination of employment shall be in accordance with the following:

- a. The employment of any employee whose appointment has been confirmed may be terminated by either party upon 6 months' notice. A confirmed appointment shall be considered permanent subject to satisfactory performance until the employee's normal retirement date unless the employer finds it necessary to terminate the appointment for reasonable cause.
- b. The notice period for staff employed in the research funded category is one month.
- c. The employment of any other employee (excluding an employee on a fixed-term agreement) shall be terminated by either party upon 3 months' notice.
- d. Where a fixed-term agreement expires, notice shall be deemed to have been given at the time the agreement of employment was entered into. Notwithstanding this, either party may terminate the employment at a date earlier than the expiry of the fixed-term agreement for which the notice period shall be one month.

In the case of staff on fixed-term agreements nothing in this agreement shall be read to create an expectation of continued employment beyond the expiry of the staff member's fixed-term.

- f. The above periods of notice may be varied by mutual agreement.
- g. Notwithstanding the above provisions, the employer shall be entitled to terminate any employee's employment at any time and without notice or with reduced notice in the event of serious misconduct by the employee. The employer reserves the right, in consultation with the TEU, to suspend on full pay any employee involved in a disciplinary procedure where the employer considers suspension to be in the best interests of any of those involved.

Joint Clinical appointments only:

- h. Where a fixed term agreement expires notice shall be deemed to have been given at the time the employment agreement was entered into 3-months notice will be

required if either party wishes to terminate the agreement prior to the end of the fixed term.

- i. Further an employee may be required by the employer to relinquish employment based on the certificates of two medical practitioners nominated by the employer certifying that the employee is no longer capable of undertaking the full duties of that employee's position. The employer will only take such action when paid sick leave has been exhausted and redeployment possibilities investigated. The employer will meet the costs of said medical examinations.

6. MANAGEMENT OF CHANGE

Provisions relating to Management of Change are set out in Appendix A.

7. CONTINUITY OF EMPLOYMENT

Irrespective of any subsequent changes to legislation, Part 6A of the Employment Relations Act 2000 as enacted at the date of this agreement shall continue to apply to this agreement to the extent that this is possible while complying with any subsequent legislation.

8. RETIREMENT

- a. The employer will approve a request to retire from an employee where that employee is clearly at the end of their career and is withdrawing permanently from substantial paid employment. Approval may be given in other circumstances by mutual agreement including retirement on medical grounds.

- b. Retirement Gratuity

Where approval to retire is granted by the employer, the employee shall receive a retirement gratuity based on the following scale:

<u>Service</u>	<u>Gratuity Equivalent to</u>
After 10 years' service	3 months' salary
After 14 years' service	4 months' salary
After 17 years' service	5 months' salary
After 20 years' service	6 months' salary

Joint Clinical appointments only

- c. Gratuities may be paid to the spouse or if no surviving spouse, the dependent child(ren) or the estate if the employee dies before retirement or dies after retirement

but before receiving a gratuity. Spouse is defined as a person with whom a marriage contract has been made or who is in a de facto relationship.

- d. The calculation of a gratuity shall be in accordance with the relative proportion of time spent working for the University and the DHB applied to the appropriate University scale of gratuity (for the academic proportion of the position), and, if applicable, the DHB scale of retiring gratuity for the clinical proportion of the position. Where the DHB has not agreed to the payment of a gratuity for the clinical component of the position, the gratuity will be based solely on the University component of their salary.
- e. No employee shall be entitled to a retiring gratuity of greater than six months' salary.

9. RECOGNITION OF PREVIOUS SERVICE

For the purpose of calculating sick leave entitlements, the University will recognise previous service with the University of Otago or the Dunedin College of Education subject to production of a certificate of service or other evidence.

- a. The University may give credit for service with another New Zealand University or District Health Board (in the case of Joint Clinical Appointments) for calculating entitlements.
- b. Recognition of service will not be given when the employee has previously retired or received redundancy compensation from the University of Otago.

10. HOURS OF WORK

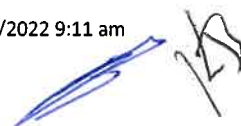

The hours of work shall be such as are reasonably required to fulfil the duties of an academic staff member of the University and shall be worked at such time and on such days as the employer may require.

In determining the exact hours of work, consideration will be given to the needs of the employee and current practice.

The 'reasonable' requirements for part-time employees will be based on the proportion of full-time for which they are paid.

Teacher Education Fellows will have their workload governed by a University of Otago College of Education workload policy agreed by Parties.

Staff are entitled to request flexible working arrangements as outlined in university policy and legislation.

11. FLEXIBLE WORK CLAUSE

There is a fundamental expectation that all staff will routinely be at work on campus so they are available to assist students, so that students can see the University as a place of active scholarship, and so that staff can benefit from each other and contribute constructively to their department's culture and activities.

The University encourages managers to be flexible when considering applications to work from home. Heads of Department and Managers may approve staff working away from campus where this is of benefit to the department and / or the individual. Applications to work from home may be made by any staff member where the nature of at least some of their work means it can be completed effectively from home. Requests may be made for either blocks of time related to specific projects or for regular, specified periods of time. Work to be carried out from home must be specified at the time the request is made. Staff members working from home must be available to attend to work during the ordinary hours or work and to undertake any on-campus activities required. The Department, where possible, will make equipment available to work from home.

Applications will be considered in accordance with the University's Flexible Working Arrangements Policy.

This does not apply to staff who routinely work off campus, such as clinicians.11.

12. REMUNERATION

If the Government provides funding specifically for salary increases during the term of this agreement, the University will increase staff salaries accordingly.

Should the employee be found to be unfit to perform their full duties they may be placed on sick leave (with or without pay) until cleared to return to full duties. The cost of the medical examination will be met by the employer.
- vi. If an employee is absent on sick leave for less than a whole day, such leave is to be recorded on an hourly basis in the staff web kiosk in whole hours. Absences of less than

two hours do not need to be recorded. Where sick leave is used for medical appointments prior approval must be obtained. Approval will not be unreasonably withheld.

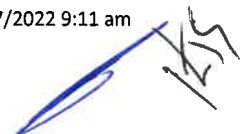

- vii. The employee should notify absence due to sickness to their supervisor whenever possible within 30 minutes of normal starting time. A medical certificate will be required for all absences in excess of five consecutive days and may be required for absences of shorter periods. If information is received which indicates that the sick leave entitlement is being misused, the employer may take such action as is necessary to clarify the matter.
- viii. When sickness occurs during annual leave the employer will permit the period of sickness to be debited against the sick leave entitlement provided a medical certificate is produced.
- ix. In special cases, employees may be allowed to anticipate sick leave becoming due on completion of a further period of service provided that at least five days sick leave is retained for each year of service for which sick leave has been anticipated. All approvals are subject to the proviso that the necessary adjustments to final pay are to be made if employees resign before the next entitlement falls due.

APPENDIX A: MANAGEMENT OF CHANGE

1. Intent of Provisions

- a. The parties to the agreement accept:
 - i. that change is necessary and that they have a mutual interest in ensuring an efficient and effective workplace;
 - ii. that all parties to the agreement have an important contribution to make to achieving the necessary changes; and
 - iii. that the employer has the right to manage, organise and make final decisions on the operation and policies of the University.
- b. The parties to this agreement recognise the serious consequences that the loss of employment can have on individual employees and seek to minimise the consequences by means of the following provisions. The principal aim of these provisions will be to place as many surplus staff as possible in alternative positions within the University. All employees who are on parental leave, absent due to illness, study leave, leave without pay or accident compensation are entitled to all of the following provisions.

2. Consultation

- a. The aim of this consultation is to ensure that all parties have an understanding of the objectives of any change before any final decision is taken.
- b. In accordance with the aim of consultation, TEU will be consulted by the employer if the employer has a definite proposal which is likely to result in significant changes to either the organisational structure, staffing or work practices affecting Union members. Should such a proposal arise, the employer will provide TEU with an opportunity to be involved in the consultative process. The consultative process shall include:
 - The employer providing details of the proposal to affected staff and TEU representatives.
 - The employer providing information (subject to commercial confidentiality being protected) so that affected staff and TEU can form a view.
 - Affected staff and TEU being given an opportunity to make submissions.
 - The employer taking due notice of what the affected staff and TEU have to say before taking any final decision within the timeframe required by the employer.
 - It is expected that for research funded permanent positions the consultation period will normally be 2 weeks.

- c. Any options which the affected staff and the TEU consider will achieve the desired changes shall be recommended to the employer at this time. Some options which may be possible recommendations include the following:

i. **Managed Attrition / Voluntary Severance**

Within the context of a process of organisational change the employer may operate policies of managed attrition or voluntary severance with the intention of minimising the number of staff affected by the change.

In the case of voluntary severance:

- The employer will call for volunteers to apply for severance from the pool of employees within the affected work area.
- The employer will actively consider all expressions of interest in voluntary severance, but retains the right to accept or decline due to demonstrated operational requirements.
- Should the number of volunteers exceed that required, the employer will select which employees, if any, will be accepted, using criteria and a process consulted with the TEU.
- Staff accepted for voluntary severance will have their employment terminated in accordance with the redundancy provisions in this agreement.

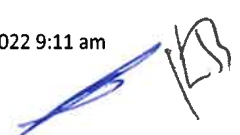

ii. **Reconfirmation/Redeployment**

- When a surplus staffing situation exists the employer may, following consultation with TEU, either reconfirm the employee in the same or a similar position, or redeploy the employee to a position which is available and for which the employee is suitable.

(a) Reduction in Hours

The employer will give due consideration to any approach from affected staff who may wish to reduce hours as a result of a Management of Change process. Any proposed reduction may be considered on a temporary or permanent basis.

In the case of a permanent reduction in hours, the employee will receive a redundancy payment based on the proportion of the reduction.

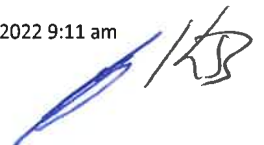

(b) Reconfirmation

Where reconfirmation takes place the following provisions shall apply:

- (i) Where a position is to be transferred into a new structure and where there is only one employee who is a clear candidate for that position and the criteria below are met, then that employee is to be confirmed in the position.
- (ii) The criteria for reconfirmation will be as follows:
 - The new job description is the same (or nearly the same) as what the employee currently does;
 - The salary for the new position is the same;
 - The new position has terms and conditions of employment including career prospects which are no less favourable; and
 - The location of the new position is the same urban area.
- (iii) Job descriptions (current and proposed) shall be available to those employees who are to be reconfirmed.
- (iv) TEU may propose that an employee be reconfirmed where that employee believes their current job is sufficiently similar to the new job. The employer will have the final right to decide whether or not reconfirmation is appropriate on the basis of the similarity of the jobs.
- (v) In those situations where there is more than one clearly affected candidate, the employer will consult with TEU and the affected staff, and the position may be advertised amongst the affected staff, with appointment made as per normal University appointment procedures.
- (vi) Any proposed reconfirmations will be advised to each affected employee. For those employees who meet the criteria and do not wish to be reconfirmed the only option available will be resignation. No severance payment will be made in these circumstances.

(c) Redeployment

- (i) Following any reconfirmations, if there are suitable vacant positions available, then the employer will notify any affected staff of the existence of the position/s and following an expression of interest will consider appointment of an affected staff member based on their suitability for the position.

- (ii) Available positions are those known at the time of consideration of this option to be currently in existence or approved for, or planned for, in the future.
- (iii) In determining the parameters for redeployment the employer will deal with cases on an individual basis, with a view to placing as many employees as possible by matching individual skills with positions which require similar skills. This exercise may involve individuals undertaking some on-the-job training or attending training courses. Such training needs will be identified prior to the individual being redeployed.
- (iv) Except for staff employed in the research funded category, where an employee accepts redeployment to a new full-time or part-time position at a lower salary in the same location, an equalisation allowance will be paid for a period of 24 months to preserve the salary of the employee at the rate paid in the old position at the time of redeployment. The employee will not be entitled to any other compensation.
- (v) The salary can be preserved by the employee agreeing to one of the following ways:
 - A lump sum to make up for the loss of basic pay for the 24 months immediately following redeployment. The lump sum will not be abated by any subsequent salary increase; or
 - An on-going allowance for the 24 months immediately following redeployment equivalent to the difference between the present salary (including superannuation) and the new salary. The allowance will not be abated by any subsequent salary increase for the new position during the 24 month period; or
 - When employees who have approval to retire within 5 years are appointed to a position carrying a lower salary, such employees will retain their present grade and salary unabated and their salary will be increased in line with any subsequent salary increases. This difference cannot be cashed up.
- (vi) Where a member who contributes to the Government Superannuation Fund is within 5 years of their approved retirement they may elect to continue contributing at the previous higher salary rate and the University will pay the required employer contribution at that higher salary for up to 5 years.

- (vii) Any employee who declines an offer of redeployment under the above terms, following their expression of interest, will not be entitled to redundancy compensation at the expiry of their period of notice.

- (viii) Within the first six months the employee and the employer may agree that the employee is not suited to the position. Severance will be effective immediately on the agreement being reached and no further notice shall be given nor required. The employee, in these circumstances, shall receive a redundancy payment as per clause 3(d) of this Appendix.

3. Surplus Staff

All affected staff not placed by Reconfirmation or Redeployment as described in 2(ii) above of this Appendix are surplus from the date of notification of disestablishment of the position in writing from the employer.

a. Notice

The employer will notify TEU of the names, location and positions of affected staff who are surplus due to the disestablishment of their positions where it is known that the employee is covered by the agreement. At the same time the affected employees will be given notice of termination. The minimum period of notice will be that required in Section 3, Termination of Employment, of this Agreement except where it is reduced by agreement between the parties. The employer may, at the employer's sole discretion, cash up any period of notice rather than require it to be worked out. Reduction in notice will not be withheld where a surplus staff member obtains employment outside of the University during this period. In this event, severance payment will be made as per the relevant formula in this agreement.

b. Job Search

All affected employees from the time of being given notice under 3(a) of this Appendix will be allowed to take reasonable time on full pay to prepare a curriculum vitae, attend counselling with counsellors agreed by the employer, attend job interviews and attend job training. Reimbursement shall be made for reasonable costs incurred in preparation of a curriculum vitae and counselling referred to previously. The costs of job training may also be met but will be decided by the employer on a case by case basis.

c. Options

Within the period of notice, and in addition to considering any new opportunities for reconfirmation or redeployment which may arise, the employer, affected staff and TEU will consider which of the following options may be appropriate and how they will be applied. The final decision on use of these options rests with the employer. The options are:

i. Retraining

Retraining involves a significant career move to another position in the University and some formal retraining. Salary and training expenses would not normally exceed the amount of the full severance payment. Before retraining commences agreement will be reached on the criteria for any bond conditions, if necessary, and for placement in the University (location, job type, salary range etc) where it is considered that the retraining will result in continuation of employment within the University.

ii. Temporary Position

A temporary position may be established by the employer to provide alternative work for an employee pending an expected suitable vacancy. If the vacancy does not eventuate then the surplus staff provisions will apply.

iii. Leave With Pay

Leave with pay can be agreed to allow the employee to pursue other job options inside or outside the University for an agreed time period. This leave with pay forms part of the severance payment and the portion used whilst on leave with pay will be deducted from any final severance payment. Leave with pay cannot exceed the amount of the full severance payment. The employee may not take up other work during the period on pay except for secondary employment already approved.

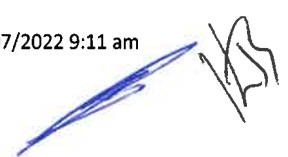

iv. Other Options

Other options, or variations to the above options, may be agreed between the employer, the affected employee and TEU.

d. Redundancy

- i. Except for staff employed in the research funded category, at the expiry of the period of notice, if redundancy is necessary, a severance payment will be paid according to the following formula:

4. Transfer of Undertakings

The negotiations will include discussions on the possible terms of employment the transferee may consider offering to the employee.

I.2.16 Following the application of clause 15, in the event that an affected employee does not transfer to the transferee, the relevant provisions in this Schedule will apply, provided that, nothing in this Agreement or any other agreement shall require the employer to pay compensation for redundancy to the employee if:

- a) the person or agency acquiring the business being sold or transferred has offered the employee employment in the business being sold or transferred at the same location; and has agreed to treat service with the employer as if it were continuous with that person or agency; and
- b) the conditions of employment being offered to the employee by the person or agency acquiring the business are the same as, or are no less favourable than, the employee's conditions of employment, including the employee's right to bargain collectively and including any service related and redundancy conditions and any conditions relating to superannuation under the employment being terminated; and

Employment relationship problems include such things as personal grievances, disputes about the interpretation or application of employment agreements, or other workplace issues that may harm the employment relationship, but does not include problems with the fixing of new terms and conditions of employment.

2. RAISING THE PROBLEM

If you think you have a problem in your employment, then you should raise it with your Head of Department or Manager as soon as possible, so we can try and resolve it with you. If for any reason you feel unable to raise it with your Head of Department, you should approach another appropriate manager or an Adviser in Human Resources. In some cases, there is a time limit on when you have to do this – see “Personal Grievances” below.

3. REPRESENTATION

At any stage, you have the right to seek advice and support from your union or a representative. We will work with you and that person to try to resolve the problem. Information may also be sought from the Ministry of Business, Innovation & Employment (MBIE) Employment Mediation Service at any time.

4. MEDIATION SERVICES

If we are unable to resolve the problem, then either party can contact the Ministry of Business, Innovation & Employment (MBIE) Employment Mediation Service (a government department) for free assistance. The mediator will try to help us resolve the problem, but won't make a decision as to who is right or wrong unless both parties want this.

5. EMPLOYMENT RELATIONS AUTHORITY

If the problem is still not resolved to your satisfaction, then you can apply to the Employment Relations Authority to have the problem investigated and a determination made. This decision can be appealed, by either party, to the Employment Court and then to the Court of Appeal.

6. PERSONAL GRIEVANCES

If your employment problem is a personal grievance (i.e. unjustified dismissal, unjustifiable disadvantage, discrimination, duress, sexual or racial harassment), then you must raise it within 90 days of the problem actually occurring or coming to your attention for the first time. A personal grievance can only be raised outside of this timeframe with the agreement of the employer, or where the Employment Relations Authority deems there to be exceptional circumstances. You should raise any personal

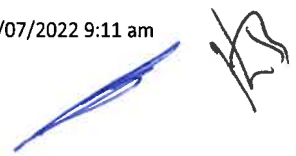

grievance with your Head of Department or Section as above. It is preferable that you put your grievance in writing, but this is not compulsory. You may ask your union or representative to raise the grievance on your behalf.

7. UNIVERSITY OF OTAGO ETHICAL BEHAVIOUR POLICY

Certain types of employment relationship problems may be able to be dealt with through the University of Otago Ethical Behaviour Policy and Procedures, particularly problems involving the behaviour of another member of the University community. This policy is available on the University website (<http://www.otago.ac.nz>) under Human Resources Policies.

8. HUMAN RIGHTS COMMISSION PROCEDURES

If you believe you have a grievance based on discrimination or sexual or racial harassment an alternative procedure is available through the Human Rights Commission. However, you cannot refer your grievance to both the Human Rights Commission as a complaint and to the Employment Relations Authority as a personal grievance. You have to choose one option or the other.

APPENDIX C: POSTDOCTORAL FELLOW TERMS AND CONDITIONS

This section outlines the terms and conditions for Postdoctoral Fellows. The other terms and conditions contained within this agreement do not apply to any Postdoctoral Fellow, unless specifically outlined in this section.

1. Background

Postdoctoral Fellow positions are usually offered only to postgraduate students who have recently completed the requirements for admission to the degree of Doctor of Philosophy or its equivalent.

The Postdoctoral Fellow has a doctoral degree (or equivalent) and is engaged in a temporary and defined period of mentored advanced training to enhance the professional skills and research independence needed to pursue their chosen career path. These positions provide the opportunity for emerging researchers, following the completion of their degree, to gain further experience under the supervision of an established researcher prior to embarking on a fully independent academic career.

2. Duties of Position

During the term of this agreement, the Postdoctoral Fellow will undertake full-time research or scholarship, publish the results of this work, and present to their peers. The Postdoctoral Fellow will discharge these duties to the satisfaction of the staff-member (or members) appointed as their supervisor.

3. Times and Place of Work

Postdoctoral Fellows will work the hours reasonably required to carry out their duties, and will work those hours at the times usually worked by others doing similar work in the same Department or the wider University. If the Postdoctoral Fellow is not employed fulltime then reasonable hours will be based on the proportion for which they were appointed.

4. Term of the Agreement

Postdoctoral Fellow appointments are for a fixed-term specified in the letter of appointment. The Postdoctoral Fellow's employment will end at the specified end date without further notice. Nothing contained or implied in this agreement shall be read to create an expectation of an ongoing employment relationship beyond the end of the specified term.

5. Salary

The full-time equivalent salary for the Postdoctoral Fellows is \$78,960.

The University will pay the Postdoctoral Fellow's salary fortnightly by way of direct credit to a bank account.

The University may make deductions from any wages or holiday pay owed to the Postdoctoral Fellow in respect of any overpayment or other debt owed to the University by the Postdoctoral Fellow. The parties intend this clause to act as the written consent described in section 5 of the Wages Protection Act 1983.

6. Annual Leave

Postdoctoral Fellows are entitled to annual leave in accordance with the Holidays Act 2003. If the relevant legislation is amended in any way, the leave provisions of this Agreement will be deemed to be amended accordingly.

Postdoctoral Fellows will become entitled to paid annual leave of four weeks after each 12 months of continuous employment with the University.

Postdoctoral Fellows will submit leave requests via the employee kiosk leave approval system.

Wherever possible Postdoctoral Fellows will take all annual leave to which he or she has become entitled in the subsequent leave year. If untaken annual leave has accumulated to 7.5 or more days by the end of the subsequent leave year, Postdoctoral Fellows will take those accumulated days starting from the first normal working day in January of the following year.

Every year the University closes down between the day before Christmas and New Year (4 days) and Postdoctoral Fellows must take annual leave during that closedown. Payment for that leave will be made in accordance with the provisions of the Holidays Act 2003 which relate to annual close-downs.

If the period of the term of this agreement is sufficient, Postdoctoral Fellows' anniversary date for the calculation of annual leave entitlements will be 1 December.

7. Public Holidays

Postdoctoral Fellow's are entitled to public holidays in accordance with the Holidays Act 2003.

The following days shall be observed as public holidays: New Year's Day, the day after New Year's Day, Waitangi Day, Anzac Day, Good Friday, Easter Monday, Sovereign's Birthday, Matariki, Labour Day, Christmas Day, Boxing Day, and Anniversary Day (local) or day in lieu. The University observes Easter Tuesday in lieu of Anniversary Day in Otago.

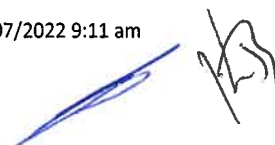

The University may ask a Postdoctoral Fellow to work on a public holiday, but he or she will be entitled to decline. If a Postdoctoral Fellow works on a public holiday he or she will be paid the usual rate of pay for the time actually worked plus half as much again.

When a public holiday falls on a day which would usually be a working day for the Postdoctoral Fellow, he or she will be entitled to the day off on pay. If the Postdoctoral Fellow works on that day at the University's request, he or she will be entitled to an alternative paid day off on a day nominated by the Postdoctoral Fellow.
